Subject: Discovery Order - Com v. [REDACTED]

Dear Charles:

I hope this finds you well!

I was ordered to produce additional information with respect to the Annie Khan drug samples. I did speak to our appellate unit about appealing this order and we decided based on a variety of reasons that it was not worth it.

I was ordered to make the following inquiries:

- (1) Whether or not Peter Piro was the confirmatory chemist on any of the 90 samples which were tested not according to protocol by Annie Khan;
- (2) If so which ones?
- (3) If he was, was an investigation ever conducted with respect to his work as a result?

This is on the Commonwealth v. [REDACTED] and it is scheduled for a compliance and election date (by which I have to provide this information) on 8/9/12. Please let me know if there are any issues providing this information, and if you think it will possible to get the information in advance of 8/9/12.

Thank you and have a great weekend!

Best, Katie
